Re: Reference For Actionplans Ltd.

To Whom It May Concern,

We are writing as requested by way of a reference regarding work that you have done in the past for us.

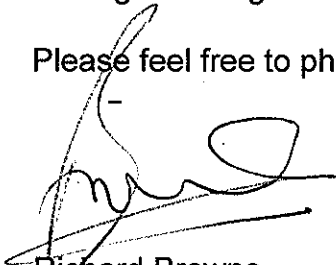

Your company has worked extensively with us on several projects as follows;

- Subdivision feasibility
- Relocation of an existing dwelling
- Design of a new dwelling

We are more than happy with the professional service that you have provided us in the past, as a result enjoy continuing to use you for on-going projects.

You have asked us to comment regarding your suitability to hold a L.B.P. Design License. We are pleased to recommend you and your company as being more than suitable to hold a Design 2 or higher License.

Please feel free to phone the writer to discuss further if need be.

Richard Browne
Trustee
